Medibio Ltd (ASX:MEB), is an Australian listed company that has developed an objective test to assist in the diagnosis of depression, chronic stress, and other mental health disorders. Based on research conducted over 15 years at the University of Western Australia, this test utilizes patented (pending) circadian heart rate variability and cloud based proprietary algorithms to deliver a quantifiable measure to assist in a clinical diagnosis. Studies are currently being undertaken by Johns Hopkins University School of Medicine and Ottawa University, among others, to validate the clinical utility of the test. This will potentially enable Medibio's technology to be the first FDA approved, objective, evidence based approach to the diagnosis of mental health disorders for the medical industry. The technology also provides an objective method for the assessment of stress and mental wellbeing. This is currently being commercialized in the workplace stress/wellbeing market and can be easily translated into the wearable technology and App market. [Click here to visit the Medibio website](#)

Mobecom (previously called CSB Engage) is a global, full-stack technology and service company providing customer engagement solutions across various sectors in the global market. Mobecom's future is in the Direct to Consumer space. Historically the Mobecom business focus has been the supply of Business to Business (B2B) solutions. The technology stack assists companies and businesses to secure and retain their customers to get more customers that spend more, more often. These customer engagement and loyalty solutions are delivered via multiple channels, including mobile, social, retail and online channels. They can be implemented as independent product modules or as fully integrated end-to-end solutions for a range of industries including but not limited to retailers, restaurants, transaction acquirers, telecommunications companies, brand owners, media owners, insurers, membership organisations, sporting organisations and quick service restaurants. The future direction of Mobecom will focus on growing two direct to consumer (D2C) product offerings, being:
AirBux (www.airbux.co) – a Cloud-based crypto currency platform that provides liquidity for loyalty currencies around the globe, and provides consumers with a global loyalty exchange to earn, exchange and spend loyalty currency; and
OnTraxx – a mobile health & wellness engagement platform that encourages and guides consumers to live a healthier lifestyle.
